## CABIN JOHN HAPPENINGS

Next Citizens' Association General Meeting, September 26 at 8 p.m. at the Cabin John Recreation Center

TW meeting, September 28

School starts on Tuesday, September 5...  
HAVE A NICE LABOR DAY WEEKEND...  
Drive carefully!

The Cabin John Home Study Program will begin its tutoring in September. Interested participants, both students and teachers, should contact Mrs. Swedenburg at 365-7767.

### HEY! LOOK AT US! WE HAVE A SIDEWALK!

If you live long enough you may see anything. We certainly hope you have noticed. The County has put in the asphalt sidewalk along the south side of MacArthur Boulevard that we have been talking about for so long. And, have you noticed how beautiful so many houses are this year, better than ever? With the sidewalk and the new garden plots we should soon have a much more handsome community.

Congressman Gilbert Bude has also taken an interest in our efforts and is looking into the possibility of getting stones to cover the shoulder between the walk and the road.

Harvey Hook, Chairman of the Beautification Committee of the Cabin John Park Citizens' Association, reports that the dividing strip will soon be placed along the sidewalk (September 9) to protect it and our pedestrians from cars. Then we will begin planting on Arbor Day, October 9. Harvey would appreciate some strong backs to help with the placing of the logs. Volunteers should call 365-0571.

## D. C. TRANSIT SEEKS CHANGES IN BUS SCHEDULES

### CITIZENS' ASSOCIATION PROTESTS

The Cabin John Park Citizens' Association has written to the Washington Metropolitan Area Transit Commission to protest the change of schedule proposed by the D.C. Transit Company on the Cabin John line.

The change would eliminate all service between 9:19 a.m. and 3:23 p.m. westbound and between 9:44 a.m. and 4 p.m. eastbound, six hour gaps, thus depriving part-time workers, private school and university teachers, housewives and students of transportation during those hours.

There would also be no evening service after 6:35 p.m. westbound and 7:01 eastbound in the new draft schedule. Again, there are part-time workers, teachers and others who must travel in the evenings.

The D.C. Transit Co. has also requested permission to eliminate all weekend bus service. The Civic Association's letter of protest has pointed out that some people work on the weekends, but more important, there is no public transportation available at all in the case the buses are removed during the weekends, thus depriving our youth and others of means to get out for recreation and other activities. Moreover, in an emergency situation one would have to rely almost exclusively on expensive taxis.

In its letter to the Commission, the Association pointed out in addition that the buses presently provided are terrible; they are bone-jarring, disoriented, noisy,

around midnight on Saturday August 27, a group of unruly teenagers, who had been attending a local party where, it is said, alcohol was allowed. One boy, trying to escape a beating by a group of others, sought refuge in the home of Rev. Haarup. The gang forcibly entered the house after following the boy there and knocked Rev. Haarup out with the strength of their entry. The boys quickly disappeared with the arrival of the police and none were detained or arrested.

Fortunately, more harm was not done, but IS THIS ANY WAY FOR US TO WELCOME ANY NEWCOMER TO CABIN JOHN? We hope the parents of these teenagers are aware of what happened and will not provide their children the opportunities for a similar outbreak of this kind in the future.
